## Benefit from the advantages of the Bad Füssing Card

(Spa & Guest Card, Citizen Card & Annual Spa Card)

### Dear guest,

we can see how the spa tax is often the subject of dispute. The assumption that the spa tax is nothing but a concealed "holiday tax" meant to fill the municipality's treasury is nothing new. Bad Füssing's guests, however, have no reason to fret about the spa tax. Compared to other spa towns in Germany and elsewhere, Bad Füssing shines with a low spa tax while offering a huge number of benefits.

### Free choice

What you, our guests, should know: With the Bad Füssing Card you are free to choose between culture, sport and entertainment during every day of your stay. Utilize all those services, and it amounts to a value of more than € 100.00 per week.

### Save 100 Euros per week

If you only sum up the weekly benefits, you end up with free goods and services worth € 100.00 per week. Additional free services include, for example, a trial session at the "biovital® BewegungsParcours" ("biovital exercise parcours"), special concerts and excursions into nature.
